Choosing Life

By Karen Patota

As we commemorate 36 years of legalized abortion, we can celebrate having three centers; one in Jeffersonville, Collegeville and Bryn Mawr - places where life can be chosen.

Our mission to help a mother to see her child take his/her breath goes well beyond its expectations. Last year we helped over 150 clients see their child take their first breath and then we held their hands and gave them hugs as they try to rebuild their lives. Choosing life is the first step – getting out of crisis is the ultimate goal.

Crisis can mean different things to different clients – we help them establish their goals and prioritize them. We offer them resources like food banks and financial subsidies, but ultimately the solutions to their problems are their own. We are the emotional support that is so desperately needed in their time of crisis.

Sometimes clients find themselves in a crisis through no fault of their own. One of our clients thought he was being a good dad. He was working as a truck driver sending back his paycheck for his wife and infant son. When he returned from one of his trips, he found his house in foreclosure, his truck sold out from under him and his son was almost taken away. He came to us and we gave him all of the provisions to care for his son. For him, we were a momentary stop on his way to re-building his life. For others, we are there for a longer

term. One client was with us through her first crisis pregnancy for about two years. She had been attending the parenting classes learning about budgeting, parenting techniques, and chastity. Her husband was employed only part time, so the items she received from the Baby Store really helped their tight budget. She was in the doctor's office when she received a call telling her she was the first choice for a job. The doctor then informed her that she was pregnant. She didn't hesitate in choosing life.

Choosing life doesn't seem like a tough choice unless you listen to some of the situations our clients' face. They've been abandoned, abused, and lied to. Many times, they must get over the loss of a relationship and continue

A couple choosing life celebrating at the Collegeville Christmas Party

on for the sake of the baby. When our clients get a chance to see their baby's first breath, the decision to choose life doesn't seem hard at all.

A Baby's Breath believes that if we had more centers we could save more lives and souls. The goal of the Corporate Board is to establish more A Baby's Breath centers. God willing, we will have our name well recognized as the place to go when choosing life and beyond.

If you would like to make a meaningful contribution to the choice for life, contact the local center nearest you to find out how to get involved and make a difference.

God Bless!

generously gave their support to A Baby's Breath (ABB).

Everyone who worked on the committees spent hours getting ready. There were so many helpers on the night of the event, we could not have done it without them. The various committees were headed by Barb Fritz, Maureen Kozak, Vince Arena, Maria Diesel, Marybeth O'Connor, Dorothy and Bud Swedkowski, Sheri Cummins, Karen Patota, Judi Arena-Ondik, Joe Baldassari, Carol DiDonato, Marian Fraga, Rosemary Friedrich, Margaret Malloy, John Giorgis, Terry Lochry, Maryann and Bill McDonnell, Rene Sikkema, Dot Stipa, Jen Volpe, and Peggy and Tony Rezza. We are so grateful for their support.

There was a testimonial by Mr. and Mrs. Christopher Vander Neut, former ABB clients. Auction attendees enjoyed the wonderful music of Andrew Neu.

Our Gold Sponsors were John and Bonnie Jean Koresko and Tot-Time Child Development Centers. The Silver Sponsor was Brogan Orthodontics, and the Bronze Sponsors were Michele Johnson, Josephine J. Templeton, M.D. and John M. Templeton, Jr., M.D. and James J. White IV.

Following the cocktail hour and viewing of the items, dinner was served buffet style followed by dessert. The live auction and raffle followed the silent auction and everyone said good night by 11:00 o'clock. It was a most enjoyable evening.

We are all looking forward to our next auction this Fall. Please watch the Newsletter for details and to save the date!

LIVING PROOF

By: Christopher Vander Neut

A Baby's Breath has been a very important part of both my life and my wife's. We met in high school and quickly became good friends. After dating for a while, we found out that she was pregnant. At this point, we were both so scared and confused that we did not know what to do. Through a friend, we heard of A Baby's Breath and what they do. After we scheduled our meeting, we became worried that we would feel uncomfortable or silly. Needless to say, this was not the case. The meeting was very helpful, and not once did we feel like we were bad people. After many more sessions and a lot of education about pregnancy, caring for a baby, and caring for our own relationship, we had a beautiful baby girl. Thanks to A Baby's Breath, we were able to welcome her into a loving family, and with their help we maintained our relationship so well that we were married last summer.

Editors Note:
Both Chris and his wife Betty have accepted positions on A Baby's Breath Board of Directors

7th Annual Silent Auction

By: Peggy Rezza

The silent auction was held at the Park Ridge Sheraton Hotel in King of Prussia on November 14, 2008. There were over a hundred items to bid on and the food and atmosphere were wonderful. One of the special features of the evening included the sale of red roses that had a surprise restaurant gift certificate attached to each one. Everyone said that they really enjoyed themselves and there were some very good deals. The event raised \$37,500 and will be used toward the rent, utilities and other expenses that are incurred running the three offices. We are so appreciative to all who so

Run for Life '08 - Main Line

by Dot Stipa

A Baby's Breath - Main Line held its third annual Run for Life on Sunday morning, September 14, 2008. The 5K/1 mile fun run was held at Wilson Farm Park in Tredyffrin Township and it attracted over 150 participants. The participants included students from Archbishop Carroll, St. Anastasia Youth Group and Conestoga High School. Top winners in each age group were awarded a \$50 prize. Each year, the race has grown larger and larger and we are already planning our next race for the Fall.

In addition to providing an opportunity to test fitness levels, the race also helps to raise awareness. Each year, the race gives us a chance to tell the community about what we do at "A Baby's Breath". It is hoped that all participants keep us in mind if and when they encounter someone who needs our help.

Teaching Childhood Injury Protection

By: *Judilyn Arena-Ondik R.N., Clinical Nurse Specialist*

Several years ago I volunteered to help as a counselor at A Baby's Breath but I have never gotten used to the emotional feeling I get when I walk through the doors at 2118 West Main Street. I am moved by seeing so many volunteers at ABB working for such a great cause. I recently offered to teach a parenting class on Childhood Injury Prevention. I was pleasantly surprised to see at least 13 people in the class. Each one of parents listened attentively to the advice I gave them on how they could help prevent injuries to their children. They weren't just there to earn dollars to shop in the baby store, they wanted to learn. They shared stories, asked important questions, and even took literature for others. In addition, on the night of the class there were several Visitation BVM students who were babysitting and working in the Store to obtain service hours.

The work that is being done at A Baby's Breath is truly remarkable. The parents who come to ABB for assistance can actually obtain the much needed items and counseling because of Karen's vision and the numerous volunteers like Joanne and Chris who make it all possible. You are all to be commended, for your generous gifts of your time, talents and treasures! Please know that many a child's life is saved in one way or another because of you!

Newsletter Updates

Sandy McDonnell has graciously agreed to be the Editor for the Baby's Breath newsletter. Please send her any comments, suggestions or newsworthy information to her at: abbnewsletter@gmail.com

New Director At The Jeffersonville Center

Paula Manchester has graciously accepted the position of Director of Jeffersonville. Paula is a full time employee of Merck. She came to us through her friendship with a classmate from the Catholic Leadership Institute - Joanne Day. She will be transitioning to her new responsibilities over the next couple of months. Thanks, Paula! You are a life-saver!!

With the Paula taking over for the Jeffersonville Center we now need a Donations Coordinator. For anyone interested in this position - it is a Board position. Some of the responsibilities of the position include writing thank you letters, entering donations into the data base, paying bills, entering bills/donations into QuickBooks. Ideally, the position is best suited for someone coming into the center once a week. If you have any interest or know of someone who might be a good candidate, please contact Karen Patota.

Run for Life '09 - Norristown

The '09 RFL at the Norristown Farm Park is scheduled for Saturday, April 18th. See the newsletter insert for the upcoming RFL details and registration information.

New Parenting Class Coordinator At Jeffersonville

We have another organizational announcement to share. Judilyn Arena-Ondik is our new Parenting Class Coordinator for Jeffersonville. Judi is a clinical nurse specialist at Jefferson Hospital in Philadelphia. She has volunteered for A Baby's Breath for many in various roles such as an advocate, a pre-natal nurse and a Silent Auction host. Thanks, Judi for all that you continue to do for A Baby's Breath!
